## Subject Index

### a

- AAFP monographs (*ed*), March, p. 77  
 AAFP survey reveals physicians' views of family practice, January, p. 233  
 abortion applicants (*tip*), June, p. 177  
 accreditation, medical school, and FTC (*ed*), May, p. 72  
 acetaminophen, hemolysis caused by (*tip*), April, p. 193  
 acetaminophen overdose (*tip*), March, p. 257  
 acne vulgaris, treating, \*February, p. 86  
 Addison's disease, primary adrenocortical insufficiency, \*May, p. 124  
 adenoma, hepatic (*tip*), March, p. 235  
 adolescent psychiatric emergencies, \*March, p. 153  
 adrenal gland, surgical diseases of, \*June, p. 130  
 adrenocortical insufficiency, primary (Addison's disease), \*May, p. 124  
 advertising practices, current MD, AMA discusses, May, p. 254  
 aerosol sympathomimetic amines, \*June, p. 146  
 alcohol, researcher discusses toxic effects of, June, p. 194  
 alcoholic, outpatient, recognizing and managing, \*March, p. 176  
 alcoholism  
   —biochemical marker of (*tip*), May, p. 217  
   —subacute phase of, \*May, p. 108  
 amphetamines, cardiomyopathy and (*tip*), February, p. 179  
 amphotericin B for systemic candidiasis in burn patients (*tip*), June, p. 170  
 anemia, postgastrectomy (*tip*), March, p. 209  
 anesthesia for diagnostic procedures, \*March, p. 103  
 anesthetic agents, MDs cannot confirm Northwestern study of, January, p. 234  
 aneurysm, abdominal aortic, ruptured (*tip*), January, p. 195  
 aneurysms, peripheral, ultrasonic diagnosis of (*tip*), May, p. 191  
 angina pectoris  
   —*aspirin* in (*tip*), February, p. 201  
   —*isolated*, coronary arteries in (*tip*), February, p. 209  
 angiotensin converting enzyme in sarcoidosis (*tip*), March, p. 237  
 ankle, soft tissue injuries to, \*February, p. 152  
 anticoagulant therapy, femoral neuropathy complicating (*tip*), February, p. 179  
 anticoagulants may inhibit the spread of cancer, June, p. 198  
 antirabies therapy, postexposure, \*March, p. 138  
 antireflux surgery (*tip*), April, p. 179  
 anxious patient, systematic management of, \*February, p. 124  
 aortic stenosis, supralvalvular (*tip*), February, p. 195  
 arrhythmias  
   —*cardiac*, with hyperkalemia (*tip*), May, p. 199  
   —*neural* components of, associated with coronary occlusion (*tip*), April, p. 167  
 arsenic intoxication, acute (*tip*), April, p. 171  
 arterial blockage, team develops new technique to measure, April, p. 197  
 arterial bypass grafts, team develops new process for using bovine tissue for, February, p. 215  
 arterial occlusive disease, blood flow velocities in (*tip*), February, p. 191  
 arteritis  
   —*coronary*, viral (*tip*), February, p. 185  
   —*giant cell* (*tip*), March, p. 255  
 ascites, pancreatic (*tip*), March, p. 237  
 ascorbic acid, effects of, on carbohydrate tolerance (*tip*), May, p. 227  
 aspiration, gastric, diagnosis of (*tip*), March, p. 253  
 aspiration pneumonia, endotracheal tubes and (*tip*), February, p. 199  
 aspirin in angina pectoris (*tip*), February, p. 201  
 asthma  
   —*beta*<sub>2</sub> receptor agonists in (*tip*), April, p. 185  
   —*childhood*, physical signs in (*tip*), April, p. 175  
   —*outpatient* management of, \*May, p. 141  
 atherosclerotic plaques (*tip*), April, p. 171

atrial fibrillation and hypertrophic subaortic stenosis (*tip*), May, p. 211  
 automobile safety, childhood (*tip*), March, p. 245

## b

bacteremia; detecting, in febrile outpatients (*tip*), May, p. 212  
 beta-adrenergic blocking agents (*tip*), April, p. 193  
 birth-control chemical, natural, team finds, in field grasses, April, p. 198  
 blood pressure  
   —in black and white children (*tip*), May, p. 231  
   —diastolic, recommendations on measuring (*ed*), June, p. 78  
 bone disease in the elderly (*tip*), June, p. 169  
 bone neoplasms in adolescents (*tip*), June, p. 173  
 bradycardia  
   —and hypotension after nitroglycerin therapy (*tip*), March, p. 247  
   —sinus, associated with hiatus hernia (*tip*), May, p. 219  
 breast biopsy, local anesthesia for (*tip*), January, p. 197  
 breast cancer  
   —adjuvant chemoimmunotherapy of (*tip*), March, p. 247  
   —advances in treatment of (*tip*), March, p. 224  
   —MDs suggest earlier use of chemotherapy for, April, p. 197  
   —radiotherapy and surgery in (*tip*), May, p. 233  
   —screening for (*tip*), May, p. 231

—and thyroid supplements, MDs don't find link between, May, p. 249  
 breast lesions, common, xeromammography and histology of, \*February, p. 102  
 burn injuries, recognizing, as child abuse, \*April, p. 134  
 burn patients, amphotericin B for systemic candidiasis in (*tip*), June, p. 170  
 burns, researchers develop method of gauging tissue damage in, May, p. 246

## C

### cancer

—adjuvant chemotherapy for osteosarcoma (*tip*), May, p. 235  
 —alveolar soft part sarcoma (*tip*), February, p. 193  
 —anticoagulants may inhibit the spread of, June, p. 198  
 —bone neoplasms in adolescents (*tip*), June, p. 173  
 —breast, adjuvant chemotherapy of (*tip*), March, p. 247  
 —breast, advances in treatment of (*tip*), March, p. 224  
 —breast, MDs suggest earlier use of chemotherapy for, April, p. 197  
 —breast, radiotherapy and surgery in (*tip*), May, p. 233  
 —breast, screening for (*tip*), May, p. 231  
 —breast, and thyroid supplements, MDs don't find link between, May, p. 249  
 —of the cervix, radiation sequelae from treatment of (*tip*), March, p. 258  
 —chemotherapy, \*March, p. 186  
 —colon, immunotherapy for (*tip*), May, p. 229  
 —colorectal, adjunct 5-fluorouracil for (*tip*), May, p. 207  
 —combination chemotherapy for malignant melanoma (*tip*), May, p. 231  
 —common skin cancers, \*June, p. 114  
 —facial epithelial, radiotherapy for, \*January, p. 96  
 —gastrointestinal, chemotherapy for (*tip*), February, p. 207  
 —hereditary site-specific (*tip*), June, p. 167  
 —hilar lymphadenopathy in renal carcinoma (*tip*), March, p. 251  
 —institute to study carcinogenic agents in the workplace, April, p. 201  
 —Laetrile, FDA hearings on, June, p. 189  
 —Laetrile: when is a drug not a drug? \*January, p. 186  
 —primary lymphoma of the lung (*tip*), June, p. 180  
 —regional flaps in ablative surgery in the head and neck, \*May, p. 100  
 —staging laparotomy for Hodgkin's disease (*tip*), January, p. 194  
 —statistics, ACS annual publication cites, March, p. 263  
 —surgical staging of Hodgkin's disease (*tip*), March, p. 210  
 —teratomata of the mediastinum (*tip*), February, p. 180  
 —total thyroidectomy for radiation-associated thyroid nodules (*tip*), February, p. 181  
 —treatment, minimal effective, advantages of (*ed*), March, p. 81

- candidiasis, systemic, amphotericin B for, in burn patients, June, p. 170
- carcinogenic agents, institute to study, in the workplace, April, p. 201
- cardiac status in trained athletes (*tip*), February, p. 195
- cardiomyopathy and amphetamines (*tip*), February, p. 179
- carotid shudders (*tip*), March, p. 258
- carotid tubercle, trauma and (*tip*), January, p. 221
- CAT in clinical pediatrics (*tip*), June, p. 183
- CAT scans in migraine (*tip*), May, p. 197
- catecholamine enzymes in idiopathic orthostatic hypotension (*tip*), February, p. 193
- catheterization, radial artery, ischemia after (*tip*), March, p. 219
- Chamber of Commerce, U.S., opposes costly federal pensions (*ed*), February, p. 71
- chemotherapy
  - adjuvant, for osteosarcoma (*tip*), May, p. 235
  - cancer, \*March, p. 186
  - combination, for malignant melanoma (*tip*), May, p. 231
  - for gastrointestinal cancer (*tip*), February, p. 207
  - MDs suggest earlier use of, for breast cancer, April, p. 197
- children
  - adolescent psychiatric emergencies, \*March, p. 153
  - black and white, blood pressure in (*tip*), May, p. 231
  - bleeding neonate (*tip*), May, p. 191
  - bone neoplasms in adolescents (*tip*), June, p. 173
  - CAT in clinical pediatrics (*tip*), June, p. 183
  - childhood automobile safety (*tip*), March, p. 245
  - cholelithiasis in young people (*tip*), March, p. 231
  - circulating estrogens in (*tip*), May, p. 198
  - complications of neonatal circumcision (*tip*), May, p. 204
  - computerized tomography in chronic seizure disorders of childhood (*tip*), April, p. 183
  - enteroviral infection in newborns (*tip*), April, p. 191
  - Epstein-Barr infections in (*tip*), May, p. 227
  - fetal alcohol syndrome (*tip*), January, p. 193
  - hyperactive child syndrome, \*April, p. 100
  - infants of narcotic-addicted mothers (*tip*), April, p. 175
  - infectious illness during the first year of life (*tip*), June, p. 162
  - insulin and the juvenile diabetic (*tip*), April, p. 169
  - iron nutrition in the breast-fed infant (*tip*), May, p. 229
  - mask ventilation in very low birth weight infants (*tip*), April, p. 181
  - neonatal subdural hematoma (*tip*), June, p. 161
  - nonorganic failure to thrive (*tip*), June, p. 185
  - ophthalmoscopy in (*ed*), April, p. 74
  - osmolalities of infant formulas (*tip*), June, p. 180
  - physical signs in childhood asthma (*tip*), April, p. 175
  - prevention of chemical conjunctivitis in the newborn (*tip*), June, p. 167
  - recognizing burn injuries as child abuse, \*April, p. 134
  - recognizing and referring neonatal surgical emergencies, \*March, p. 163
  - sudden infant death syndrome (*tip*), April, p. 165
  - systemic infection in intubated neonates (*tip*), May, p. 203
  - teenage sexuality (*ed*), February, p. 73
  - thyroid nodules in childhood (*tip*), April, p. 183
  - tracheobronchial foreign bodies in (*tip*), March, p. 239
  - university says some defective newborn babies should not be kept alive by hospital equipment, February, p. 215
  - vertebral sarcoidosis in adolescents (*tip*), March, p. 224
  - ‘what’s wrong with my baby?’ \*May, p. 90
  - Worldwatch Institute cites possible dangers of having, March, p. 264
- cholangiography, palpation and, for cholecystitis (*tip*), February, p. 201
- cholangitis, acute suppurative (*tip*), January, p. 201
- cholecystitis, palpation and cholangiography for (*tip*), February, p. 201
- cholelithiasis in young people (*tip*), March, p. 231
- circumcision, neonatal, complications of (*tip*), May, p. 204
- clinical investigations, PMA adopts guidelines for, February, p. 218
- Coats’ disease, \*April, p. 107

cocaine, systemic effects of (*tip*),  
May, p. 233

colon

—lipoma of (*tip*), February, p.  
191

—spastic, therapy of, \*May, p.  
176

colon cancer, immunotherapy for  
(*tip*), May, p. 229

colorectal cancer, adjunct 5-fluoro-  
uracil for (*tip*), May, p. 207

compliance

—(*tip*), March, p. 210

—with antimicrobial therapy  
(*tip*), January, p. 195

—venous, in renal hypertension  
(*tip*), January, p. 203

congestive heart failure, contractile  
force in (*tip*), May, p. 235

Congress, U.S.

—and federal salary raises (*ed*),  
May, p. 75

—frequent recesses of (*ed*),  
May, p. 75

conjunctivitis, chemical, preven-  
tion of, in the newborn (*tip*),  
June, p. 167

contraception, male, \*June, p. 107

contraceptives, oral, liver tumors  
and (*tip*), January, p. 213

coronary insufficiency, compli-  
cated acute, surgical manage-  
ment of (*tip*), March, p. 230

coronary occlusion

—with blunt chest injury (*tip*),  
March, p. 243

—neural component of arrhy-  
thmias associated with (*tip*),  
April, p. 167

cost containment plan (*ed*), June,  
p. 77

Couvade syndrome, \*May, p. 157

cultism

—destructive, \*February, p. 80

—response to AFP article on  
(*ed*), June, p. 78

## d

deafness, sensorineural, hemolysis  
and, in infectious mononu-  
cleosis (*tip*), April, p. 181

dermatitis, seborrheic, \*March, p.  
116

depressed patient, unremembered,  
unimproved, \*April, p. 82

diabetes, self-concept and the con-  
trol of, \*March, p. 93

diabetic, juvenile, insulin and (*tip*),  
April, p. 169

diabetic ketoacidosis, rational  
management of, \*June, p. 119

diabetic nephropathy (*tip*), March,  
p. 225

diabetic neuropathies, \*April, p.  
112

\*diazepam and left ventricular fill-  
ing pressure (*tip*), February,  
p. 197

diazoxide, hypotensive sequelae of  
(*tip*), May, p. 213

diethylstilbestrol, urogenital tract  
abnormalities and (*tip*),  
March, p. 243

diphenhydramine, acute dystonia  
resulting from (*tip*), February,  
p. 209

diuretic, choosing, in hypertension,  
\*March, p. 194

diverticulitis, resection for perfora-  
tion of (*tip*), June, p. 179

dog bites, \*January, p. 132

drug addiction, physicians and  
(*tip*), March, p. 235

drugs

—ototoxic (*tip*), January, p. 207

—two experimental, found bet-  
ter than aspirin in analgesic  
effect, May, p. 244

duodenal ulcer, perforated, selec-  
tive vagotomy for (*tip*), Janu-  
ary, p. 193

duodenal ulcer surgery, decline in  
(*tip*), June, p. 169

dysphagia (*tip*), January, p. 215

## e

ear damage, inner, rock music and,  
\*May, p. 117

ectopic beats and episodic tachy-  
arrhythmias, ambulatory pa-  
tient with, \*February, p. 94

eczema (*tip*), January, p. 209

endocarditis in heroin addicts (*tip*),  
January, p. 203

endotracheal tubes and aspiration  
pneumonia (*tip*), February, p.  
199

enteroviral infection in newborns  
(*tip*), April, p. 191

enzymes for detection of renal  
transplant rejection (*tip*),  
January, p. 213

Epstein-Barr infections in children  
(*tip*), May, p. 227

erythromycin (*tip*), March, p. 253

esophageal function, gastrointes-  
tinal hormones and (*tip*),  
January, p. 207

esophageal ulcers after tetracycline  
ingestion (*tip*), February, p.  
197

esophagus

—mediastinal granuloma in-  
volving (*tip*), April, p. 177

—squamous papillomas of (*tip*),  
May, p. 203

estrogens, circulating, in children  
(*tip*), May, p. 198

## f

facial epithelial cancer, radiother-  
apy for, \*January, p. 96

failure to thrive, nonorganic (*tip*),  
June, p. 185

familial pharmacology, \*June, p. 100  
 family practice, AAFP survey reveals physicians' views of, January, p. 233  
 FDA and paperwork for new drug applications (*ed*), January, p. 71  
 fee advertising case, AMA files brief in, before Supreme Court, March, p. 266  
 femoral neuropathy complicating anticoagulant therapy (*tip*), February, p. 179  
 fetal alcohol syndrome (*tip*), January, p. 193  
 Fitz-Hugh and Curtis syndrome (*tip*), February, p. 188  
 5-fluorouracil, adjunct, for colorectal cancer (*tip*), May, p. 207  
 flu vaccine, Russian press release on (*ed*), January, p. 75  
 food sensitivities, synthetic food diet used to determine, March, p. 270  
 food-borne infections (*tip*), June, p. 181  
 foreign bodies, tracheobronchial, in children (*tip*), March, p. 239

## g

gastrointestinal cancer, chemotherapy for (*tip*), February, p. 207  
 gastrointestinal hormones and esophageal function (*tip*), January, p. 207  
 generic prescribing, proposed legislation on (*ed*), March, p. 75  
 genetic diagnosis, prenatal, \*January, p. 121

glomerulonephritis, hydrocarbon exposure may be a cause of, January, p. 238  
 gonorrhea  
     —diagnosis of, in males (*tip*), June, p. 185  
     —penicillin-resistant (*tip*), March, p. 229  
 granuloma, mediastinal, of the esophagus (*tip*), April, p. 177  
 guanethidine for mild-to-moderate hypertension (*tip*), February, p. 199

## h

hair loss in crash dieters (*tip*), February, p. 205  
 hamartomas resembling meningo-myeleoceles (*tip*), April, p. 177  
 hand injuries, primary management of, \*June, p. 138  
 headache  
     —new treatment for (*tip*), May, p. 223  
     —in patients with prosthetic cardiac valves (*tip*), April, p. 177  
 health care costs and federal involvement discussed at convention, May, p. 242  
 health care spending continues to increase, February, p. 216  
 'health passports,' university offers, free of charge, January, p. 236  
 health practices, U.S., Gallup survey checks, April, p. 203  
 hearing aids, \*June, p. 94  
 heart  
     —acute myocardial infarction (*tip*), March, p. 216  
     —ambulatory patient with ectopic beats and episodic tachyarrhythmias, \*February, p. 94

—aspirin in angina pectoris (*tip*), February, p. 201  
 —atrial fibrillation and hypertrophic subaortic stenosis (*tip*), May, p. 211  
 —cardiac arrhythmias with hyperkalemia (*tip*), May, p. 199  
 —cardiac status in trained athletes (*tip*), February, p. 195  
 —cardiomyopathy and amphetamines (*tip*), February, p. 179  
 —coronary occlusion with blunt chest injury (*tip*), March, p. 243  
 —diazepam and left ventricular filling pressure (*tip*), February, p. 197  
 —disease, resistance of women to (*tip*), January, p. 201  
 —endocarditis in heroin addicts (*tip*), January, p. 203  
 —exercise rehabilitation after myocardial infarction, \*March, p. 121  
 —failure, congestive, contractile force in (*tip*), May, p. 235  
 —failure, refractory, approach to, \*April, p. 138  
 —headaches in patients with prosthetic cardiac valves (*tip*), April, p. 177  
 —limitations of the pulmonary capillary wedge pressure (*tip*), March, p. 249  
 —neural component of arrhythmias associated with coronary occlusion (*tip*), April, p. 167  
 —reduction of myocardial infarct size by steroids (*tip*), March, p. 215  
 —rehabilitation after acute myocardial infarction (*tip*), April, p. 185

- sodium nitroprusside therapy in acute myocardial infarction (*tip*), January, p. 211
- sound, first (*tip*), January, p. 205
- sound, fourth (*tip*), May, p. 193
- sympathetic nerve activity during myocardial ischemia (*tip*), May, p. 223
- unsuspected pericardial effusions (*tip*), May, p. 212
- heartburn, \*February, p. 158
- hematoma, subdural, neonatal (*tip*), June, p. 161
- hemoglobinopathies in pregnancy, \*January, p. 104
- hemolysis
  - caused by acetaminophen (*tip*), April, p. 193
  - and sensorineural deafness in infectious mononucleosis (*tip*), April, p. 181
- Hemophilus influenzae*, ampicillin-resistant (*tip*), April, p. 166
- Hemophilus influenzae* cellulitis (*tip*), April, p. 170
- hemorrhoids, rubber band ligation for, June, p. 196
- herbs, intoxication with (*tip*), March, p. 223
- heroin addicts, endocarditis in (*tip*), January, p. 203
- hiatus hernia, sinus bradycardia associated with (*tip*), May, p. 219
- hip fractures, venous thrombosis in patients with (*tip*), March, p. 216
- Hodgkin's disease
  - staging laparotomy for (*tip*), January, p. 194
  - surgical staging of (*tip*), March, p. 210

- homosexual, venereal disease in (*tip*), May, p. 225
- human chorionic gonadotropin for obesity (*tip*), June, p. 163
- hydrocarbon exposure may be a cause of glomerulonephritis, January, p. 238
- Hymenoptera, hazards of, \*April, p. 91
- hyperactive child syndrome, \*April, p. 100
- hyperalimentation, use and abuse of (*ed*), March, p. 79
- hypercalcemia, acute pancreatitis and (*tip*), February, p. 191
- hyperkalemia, cardiac arrhythmias with (*tip*), May, p. 199
- hypertension
